{jathumbnail off}

With all aluminum body work by Henri Chapron, this 1947 Delahaye 135 M is truly a one of a kind roadster. Though it boasts a racing heritage and technology, this car was made for touring. In its day it was one of the fastest cars on the road, and arguably one of the most beautiful.

We photograph the car inside and out, and tell you its story with 18 pages of four color photography and copy. It's our Premier Issue! And one you won't want to miss!
